

The COMPACT DC 500 Niagara Wet Dust Collector

Midwest's Newest Wet Dust Collector

Midwest Automation is pleased to offer the **DC 500** to our line of **Niagara Wet Dust Collectors**. The DC 500 is a compact wet dust collector designed for use with Midwest's MINI 9/MINI 9i Deburring and Finishing Machines, and small centerless machines.

The COMPACT NIAGARA DC 500
Portable. Economical.
Made in USA!

- Wet dust collector designed for steel and stainless steel applications
- For use on narrow wide belts like the new Midwest Automation Mini 9, Mini 9i, and Rand-Bright RB 10 small finishing machines
- Portable, compact design
- Corrosion free high density polyethylene and ABS polymeric construction
- 2 HP blower and 30 micron exhaust filter
- 110V/60Hz/1 phase power requirement

Note: The DC 500 is a dust collector and will not collect moderate to heavy grinding swarf off of the part and/or conveyor belt.
