The COMPACT DC 500/800 Niagara Wet Dust Collectors

Midwest's Newest Compact Series Wet Dust Collectors

Midwest Automation is pleased to offer the DC 500 and DC 800 to our line of **Niagara Wet Dust Collectors**. DC 500/800 models are compact wet dust collectors designed for use with Midwest's Mini 9, Mini 9i, and Mighty 9 deburring and finishing machines, and small RandBright centerless machines.

The COMPACT NIAGARA DC 500/800 Portable. Economical.

- Wet dust collector designed for steel and stainless steel applications
- For use on narrow wide belts like the new Midwest Automation Mini 9, Mini 9i, Mighty 9 & RandBright RB 10 small finishing machines
- Portable, compact design
- Corrosion free high density polyethylene and ABS polymeric construction
- Tangential blower and 30 micron exhaust filter

Model DC 500

- Nominal air flow 500 cfm
- Blower motor 2 HP
- Air inlet 4 inches
- Electrical 110v/ 60hz/ 1 phase

Model DC 800

- Nominal air flow 800 cfm
- Blower motor 3 HP
- Air inlet 4 inches
- Electrical 230-460v/ 60hz/ 1 phase

Note: The DC 500/800 is a dust collector and will not collect moderate to heavy grinding swarf off of the part and/or conveyor belt.
